Proudly presents:

Vancouver Then & Now
A Photograph Reflection of Historic and Contemporary Vancouver

Produced & Directed by Mary Grgich & Crystine Jividen

This wonderful photo journal chronicles the changes of historic downtown Vancouver. This disc features historic images from the photo collection of the Clark County Historical Museum. Each comparison image was thoughtfully setup to be a near match to the historic photo including the perspective, automobiles and people. It is a delightful way to view the historic images and having the present day images in a similar context makes it easy to see the vast changes that have taken place in the intervening years. Order yours today!

The video discs can be purchased from the museum by phone or by mail for \$12 (members price \$10.80), plus \$5.00 shipping and handling (*reduced S&H rate for multiple copies, please contact the museum*). Submit order form and \$12.98 (members \$11.69) prices include 8.2% sales tax plus shipping if applicable to:
